

activePDF™ Appoints EMJ Data Systems as Exclusive Canadian Distributor

MISSION VIEJO, California – March 28th, 2003 – activePDF Inc, a leading provider of server-side PDF development and conversion tools for Windows NT, XP and 2000, today announced the appointment of EMJ Data Systems as exclusive distributor of its product line in Canada.

In business since in 1979, EMJ is one of Canada's most successful distributors of computer hardware and software. Recently voted one of Canada's Top 50 Best Managed Companies, EMJ distributes product for over 160 manufacturers, including Microsoft, Apple and Macromedia. Their strength lies in the specialization in distributing niche-market products and continuous training of all staff in order to provide customers with superior quality service and support. EMJ sells to computer resellers, dealers and systems integrators. "activePDF provides dynamic server-based PDF creation at very attractive pricing," stated Jim Estill, CEO at EMJ. "The line will compliment or current PDF offerings very well."

The distributorship marks a major expansion for activePDF in Canada. "EMJ is the ideal partner for activePDF in developing our sales presence in Canada and we are confident in their abilities to build successful distribution networks in this territory," stated activePDF CEO, Tim Sullivan. "EMJ has a long and successful tradition as one of Canada's most successful distributors of computer software and as a company that is totally committed to meeting and exceeding customer expectations."

About EMJ Data Systems Ltd.

EMJ Data Systems Ltd., headquartered in Guelph, Ontario, is a Canadian, publicly owned distributor of computer products and peripherals. EMJ specializes in niche-market products for Apple, Bar Coding/Auto-ID/Point-of-Sale, Digital Video, Internetworking, Storage Solutions, Unix and Wireless applications. EMJ Data Systems Ltd. has branch offices in Vancouver, Calgary, Winnipeg, Ottawa, Markham, Montreal and Halifax, as well as one office in the United States. EMJ is traded on the Toronto Stock Exchange (TSE) under the symbol EMJ. Interested parties can reach EMJ via the World Wide Web at www.emj.ca

About activePDF

activePDF Inc., a leading provider of server-side PDF conversion and development tools for Windows NT, XP and 2000, offers a complete suite of affordable industrial-strength PDF tools that free the developer from the typical dilemmas associated with dynamic PDF creation. The most comprehensive server-side PDF development tools in existence, activePDF software remains unique in the PDF industry by offering a server-based suite of products with no additional per user or per document licensing fees. activePDF provides COM object level access within all of its products to afford developers complete control over the PDF generation and manipulation process. Established in January 2000, activePDF has a global distribution network spanning every continent and more than 5,000 clients worldwide. activePDF customers include Fortune and Global 500 organizations in the financial/banking services, manufacturing, pharmaceutical, healthcare, education and government industries.

Forward Looking Statements

When used in the preceding discussion, the words “believes, expects, or intend to” and similar conditional expressions are intended to identify forward-looking statements. Such statements are subject to certain risks and uncertainties and actual results could differ materially from those expressed in any of the forward-looking statements. Such risks and uncertainties include, but are not limited to, (I) Conditions in the general economy or the software industry, (II) the timely development and market acceptance of products and technologies, (III) competitive factors, (IV) demand for team productivity software products and (V) sell-through of products in the sales channel.
