

PRESS RELEASE

activePDF® Partners with Global Graphics® Software at the Upcoming AIIM ECM Road Shows

MISSION VIEJO, California –April 18th, 2002 – *activePDF Inc, the leading provider of server-side PDF development and conversion tools for Windows NT, 2000 and .NET*, today announced that they will exhibit with their OEM and reseller partner, Global Graphics Software, at the upcoming AIIM ECM (Enterprise Content Management) road show events.

This exhibit partnership follows activePDF's recent announcement of their new reseller agreement with Global Graphics Software, a leading developer and manufacturer of electronic document management solutions for pre-press applications and the corporate market, to sell Global Graphics' Jaws® PDF products.

The ECM road shows focus on solving tough e-business challenges for end user companies who seek strategic Enterprise Content Management solutions. These free one day seminars provide a fantastic opportunity for vendors to reach over 3,000 qualified IT and business professionals in 16 North American cities. For Global Graphics Software and activePDF, it is an excellent occasion to demonstrate their complementary product lines, while drawing additional end users and resellers into the market and assisting current users in the expansion of their installations.

Global Graphics and activePDF are scheduled to exhibit at ECM Road Show events in the following cities:

April 9th – Chicago, IL

April 19th – Washington, DC

April 25th – Dallas, TX

For more information on these events please visit <http://www.ecmroadshows.com>

About activePDF

activePDF Inc, a leading provider of server-side PDF development and conversion tools for Windows applications, offers a complete suite of industrial

strength PDF tools that free the developer from the nuances and idiosyncrasies of dynamic PDF creation. Whether you need to create, paint, form-fill or convert to PDF, activePDF has the answer, with no per user or per document licensing fees. Being the only PDF tool vendor to also provide COM object level access within all of its products, developers now have complete control over the PDF creation, conversion and manipulation process. Using the power of activePDF technology, thousands of businesses, government agencies and multinational organizations across the globe have made activePDF their first choice for all their PDF creation and development needs.

activePDF and its product names are trademarks of activePDF, Inc. All other product and company names herein are trademarks of their respective owners.
